

**Policy Title: PROVISION OF PUBLIC SIDEWALKS**

**Policy # F-005**

**ADMINISTRATIVE PROCEDURES**

**Effective Date: November 1, 2011**

**Date approved by Municipal Manager: November 1, 2011**

**SCOPE**

This policy shall apply to all sidewalks in the Town of Jasper.

**RESPONSIBILITY**

Responsibility for administering this policy rests with the Director, Environmental Services.

**PUBLIC SIDEWALKS**

Council shall provide for the installation of sidewalks on roadways adjoining a leasehold frontage:

- at the time of development or redevelopment of a public roadway for which the Municipality of Jasper is responsible within the Town, but which does not lie east of the Canadian National Railway right-of-way; and
- when such development will result in the paving of that roadway; and
- when such roadway adjoins the front property line of a leasehold developed for a commercial, residential or institutional purpose.

Council may, at its discretion, provide for the installation of sidewalks on roadways adjoining a leasehold frontage or the frontage of unreleased land:

- at the time of development or redevelopment of a public roadway for which the Municipality of Jasper is responsible within the Town; and
- when such development will result in the paving of that roadway; and
- when such roadway adjoins the front property line of unreleased land of a leasehold not developed for a commercial, residential or institutional purpose, or adjoins the front property line of unreleased land or of a leasehold east of the Canadian National Railway right-of-way.
