Message from the Chief Administrative Officer (CAO)

As we present the 2024 budget for the Municipality of Jasper, it is essential to acknowledge the factors shaping our financial landscape.

The challenge of being a Tourism-Based community continues to mean that we face approximately \$6.5 million in incremental costs associated with hosting visitors. This year we also confront the impact of increased debt repayments, rising energy costs, and the full-year implications of positions integrated into our operations in the previous year. These drivers have significantly influenced the costs associated with providing crucial municipal services. All told, these non-optional expenses account for approximately \$1.2 million, or 91%, of the requested net tax increase.

Despite these challenges, we remain committed to delivering essential services that align with Council's Strategic Priorities and the needs of our community. Major examples in 2024 include:

- Transit which has provided a new transportation alternative for students and visitors alike while also increasing opportunities for residents living in and out of the townsite to participate more fully in community life.
- The ongoing renovations to the Activity Centre, Arena, and Fitness and Aquatics facilities, will enhance our recreational spaces and demonstrate significant investments in our built infrastructure.
- Initiation of work on the Jasper Municipal Housing Corporation's 40 Unit Affordable Housing project. Previous municipal investments in infrastructure set for this development which will deliver new community focused housing units.

Administration continues to pursue alternative revenue sources to support local services. In budget 2024, the benefit of this effort can be seen in the material contribution of visitor paid parking to off-setting debt and supporting transit, as well as the fact that the majority of our capital plan is funded from external sources.

I extend my appreciation to our municipal staff for their dedicated contributions to achieving our Council's Strategic Priorities. It is an on-going task that all Municipality of Jasper employees are engaged in 365 days of the year, because MOJ staff live here too and we take pride in serving our community with Professionalism, Empathy, Accountability, Respect, Communication & Teamwork.

About the MUNICIPALITY OF JASPER

The Municipality of Jasper respectfully acknowledges that Jasper National Park and the Municipality of Jasper are on Treaty 6 and 8 Territories as well as Métis Region 4. This land is the Traditional Territory, meeting ground, gathering place, travelling route and home for the Dane-zaa (Beaver), Nêhiyawak (Cree), Anishinaabe (Ojibway), Secwépemc (Shuswap), Stoney Nakoda and Métis.

The Municipality honours the historical and ongoing relationship between this land and the many Indigenous Peoples that were present and thrived in this area since time immemorial. The Municipality of Jasper acknowledges the past and ongoing impacts of the colonization of Indigenous Peoples and lands and commits to reconciliation efforts in partnership with those whose Traditional Territory the Municipality of Jasper occupies.

Today, Jasper is home to just under 5,000 full-time residents who come from a wide diversity of backgrounds, abilities, and orientations. Our community typically welcomes over 2,000,000 visitors every year who come to experience the hospitality of our mountain town and its shimmering glaciers, abundant wildlife, crystal-clear lakes, thundering waterfalls, deep canyons and evergreen forest — all surrounded by towering mountains.

The Municipality of Jasper is unique because it is a town, located within a province (Alberta) and within a National Park (Jasper National Park).

The Municipality of Jasper was formed by the Province of Alberta on July 20, 2001, and is led by a locally elected Mayor and 6-member Council who provide leadership, governance and oversight of the operations of the Municipality.

About 170 people work for the Municipality, providing the day-to-day services that keep the town running to the benefit of residents and visitors alike. These services include items related to core infrastructure such as road clearing and maintenance; water treatment and supply; and managing solid waste; as well as a broad suite of human services such as recreation and culture, social supports and childcare.

A message from the MAYOR

On behalf of Council, I am pleased to share our Strategic Priorities for the term 2022-2026.

Establishing Strategic Priorities is a critical step to provide foundational guidance and enhance Council and administrative alignment to more effectively advance community aspirations. The 2021 election provided councillors with an unparalleled opportunity to engage with citizens and to hear, unfiltered, residents' priorities. The post-election period has allowed councillors time to distill that information, and to reflect upon and refine their individual sense of the relative weighting of multiple, sometimes competing, priorities. In spring 2022, assisted by a professional facilitator, Council gathered with our CAO and key administrative staff to consolidate individual priorities into one cohesive set of Council priorities. Over the course of two intensive days, Council formulated the key concepts underlying this document. In the following weeks, Council devoted additional focused working sessions to confirm, sharpen and articulate its collective approach, such that this final document is a clear reflection of Council's Strategic Priorities for the balance of the current term and beyond.

While both individually and collectively adopting and committing to these Strategic Priorities, Council respectfully acknowledges that the underlying principles are certainly not new. Successive previous Councils have established a firm foundation upon which we

continue to build with confidence. The five pillars of sustainability as outlined in the Jasper Community Sustainability Plan – economic, social, environmental, cultural, and governance – continue to guide the development and refinement of our current Strategic Priorities. We recognize that consistency in focus and effort are critical components to successfully advancing community goals. The vision, the hopes, the dreams of the community have not altered. The recognition by previous Councils of the primacy of 'Community Health' remains intact.

Building on that established premise, Council will continue to take proactive steps to foster a healthy community. Within the broad context of Community Health, Council has confirmed the strategic importance of three recognized themes: Housing, Relationships, and the Environment; and has identified the need for two additional themes: Organizational Excellence and Advocacy.

Encompassed within this collection of themes, Council has identified 31 individual strategic actions. It is essential to recognize that just as our community is an integrated whole – and much more than the sum of its parts – this document is similarly intended to be read and understood as an integrated whole: that each identified action does not stand alone; that they work in unison, and that each may fit within and advance any number of Strategic Priorities.

RICHARD IRELAND Mayor

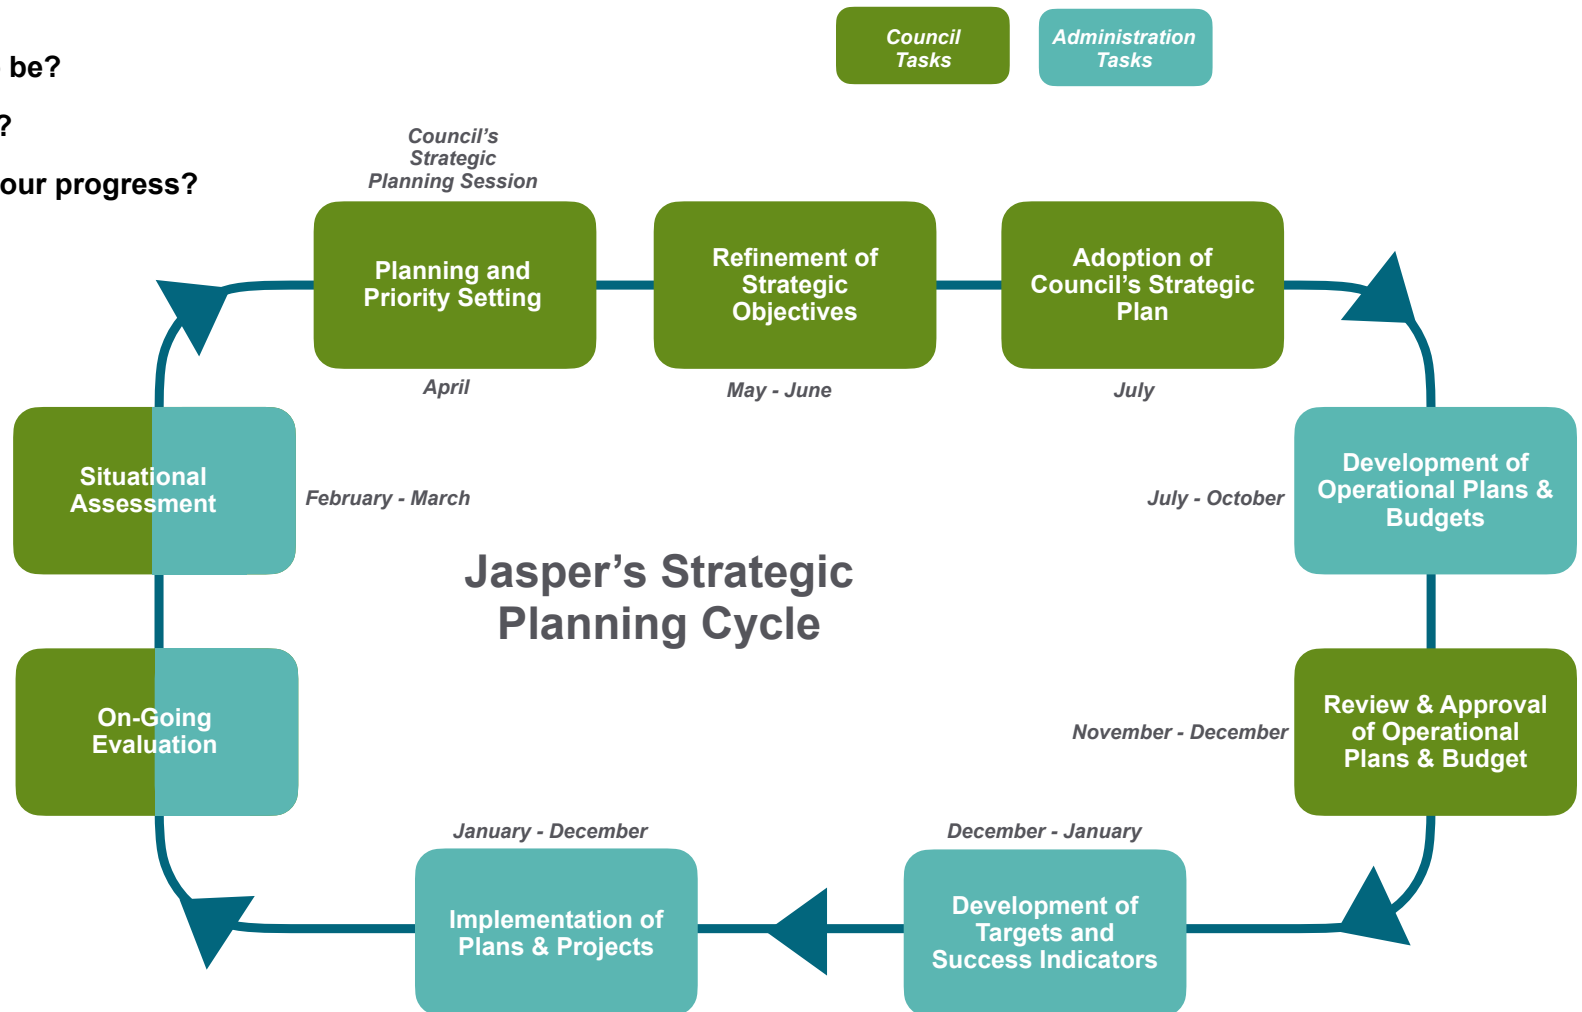

In relentless pursuit of these Strategic Priorities, Council proudly acknowledges the immeasurable contribution of our municipal staff to fostering Community Health and well-being: a continuing contribution based on their self-established values of professionalism, empathy, accountability, respect, communication, and teamwork. We recognize that our residents deserve no less, from staff, and from Council.

Framework & Process

The purpose of this Strategic Plan is to articulate strategic choices and provide information on how the organization intends to achieve its priorities.

The Strategic Plan outlines priorities to be achieved over the next several years and addresses four questions:

- **Where are we now?**
- **Where do we want to be?**
- **How do we get there?**
- **How do we measure our progress?**

Priority Based Budgeting

Concept

Priority Based Budgeting is initiated by Council's Strategic Plan. This is a document used to communicate Council's organizational goals with the community and describe the actions needed to achieve those goals.

Priority Based Budgeting is a process used by municipalities to understand their larger community values and allocate resources accordingly. Two examples of applying PBB would be during:

- 1) Financial Challenges – lower priority programs can be reduced or eliminated and reallocated to higher priority services.
- 2) Organizational Growth – and ample resources are available, financial resources can be allocated to higher priority programs to increase service levels in higher priority programs.

Overview

PBB serves as tool to evaluate service options and alternatives and assists the decision-making process. It is based on allocating budget dollars to programs and services that bring the biggest value to the community, with the intent to optimize service delivery and maximize value for dollar.

The process with describing the services of the municipality. While service attributes are somewhat similar for most municipalities there can be significant variation and nuance. In Jasper's case administration was able to identify and describe over 80 unique programs.

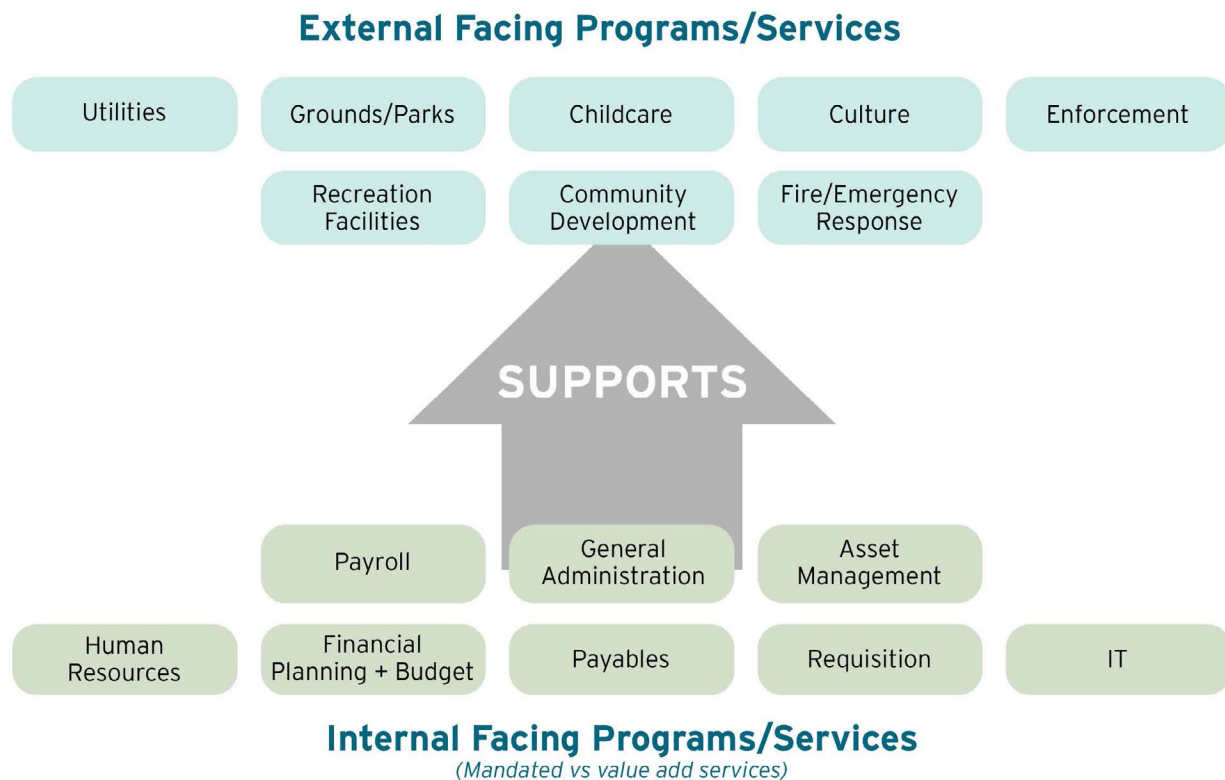

From there, all departments scored their own programs against the Council's 2022-2026 Strategic Priorities.

Following the departmental scoring, the Senior Leadership Team reviewed and reevaluated the scores for fairness and consistency and established a final score for each of the programs.

Within the total set of described programs there are some important distinctions:

- Utility Rate supported programs and tax supported service are often reviewed separately as utility operations are generally expected to be self-supporting.
- External programs that provide service directly to residents and businesses are generally not compared against Internal programs that exist to enable the delivery of external programs.

With Utility Rate supported programs removed and the remaining services sorted in to External and Internal groupings the final scores are used to place into one of four quartiles. Services that are more aligned are assigned to Q1 and Q2 and those less aligned are placed in Q3 and Q4.

Key Deliverables

- An inventory of program descriptions,
- A full list of scored programs and services, and;
- Prioritized services sorted into 4 levels of alignment.W

A capital budget must include the estimated amount for the following:

External Factors:

Municipal Price Inflation vs Consumer Price Inflation

The Consumer Price Index represents changes in prices as experienced by Canadian consumers. It measures price change by comparing, through time, the cost of a fixed basket of goods and services.

The goods and services in the CPI basket are divided into 8 major components:

- Food;
- Shelter;
- Household operations, furnishings and equipment;
- Clothing and footwear;
- Transportation;
- Health and personal care;
- Recreation, education and reading, and
- Alcoholic beverages, tobacco products and recreational cannabis.

The goods and services in a MPI (Municipal Price Index) is much different than a consumer and could be reflected on as looking on cost increases in:

- Fleet
- Sidewalks, Roads
- Infrastructure
- Salary and Benefits
- Contracted Services

Inflation continues to rise in our economy, and this ultimately affects how a Municipal Operating and Capital budget evolves. Staffing, supplies, oil related products, contracted services and utilities are just a few of the areas that are heavily influenced by inflation. The Municipality purchases a very different basket of good and services than what residents do, and thus is influenced by a different, and often higher, inflation rate than CPI.

In September of 2022 the Long-Term Canadian Economic Outlook published by TD Economics forecasted an average annual CPI rate of 3.8% for 2023.

Through 2023 inflation did prove to be stubbornly high and is expected to land at 3.7% for the year - just 0.1% lower than was forecast in 2022.

Looking forward, the Bank of Canada forecasts general CPI inflation to cool slightly and average 2.5% for 2024.

The costs of borrowing have increased significantly when compared to 2023. As of September, the Bank of Canada prime rate stood at 7.2%. At this time last year, the rate was 2.45%. Looking into 2024 TD is forecasting the lending rate to be 6.5% for 2024.

Finally, unemployment is expected to stay low throughout the coming year.
